

Dear Drainage Contractor

Thank you for downloading the National Association of Drainage Contractors (NADC) prospectus and application form (at the end).

The purpose of the prospectus is to make sure you have all the necessary information before joining the association.

NADC Prospectus

What Are The Aims & Objectives of the NADC?

- (a) To drive more business as a direct result of being a member in the region you operate in and by creating new channels such as a National Helpline
- (b) To provide training and certification and promote drainage professionals
- (c) To provide commentary, guidance, and advice on regulatory developments of relevance to members

Why You Should Join The NADC? By the Industry, For the Industry

Until now, there has been no recognised body that solely has the interests of the drainage contracting industry at the heart of its DNA.

The NADC is made up entirely of people actively working in the industry. In other words, we, the drainage Industry, all have a vested interest in securing a say in our FUTURE.

The Ultimate Benefits of Membership

Membership of the NADC and the NADC itself is entirely geared to delivering long term 'ultimate' benefits;

- National recognition & unity in professionalism through membership of the NADC
- Full Accreditation through recognised training for all aspects of drainage services
- Channels for new work open only to NADC members
- The creation of preferred supplier status among large drainage services procurers
- Official representation of the services you are trained to offer via Identification Cards

Who Should Join The NADC & What Does It Cost?

All drainage contractors are welcome together with suppliers, consultants, advisers and trainees.

Annual membership is only €400 – just over €1 per calendar day. *

* See Membership Levels for current pricing and pricing structure, prices as per 2021 rates.

How Will The Subscriptions Be Invested?

The NADC is a not for profit organisation. This means there are no shareholders to pay dividends to and so all the funds are dedicated to moving the NADC forward via.

Our aims are to:-

- Attract as many members as we can to build a strong Association
 - You can help by passing on details of the NADC to colleagues, suppliers and even your competitors.
- Create a 'recognised voice' for our membership so we can have a say in the future of our industry.
- Build a community around our website for the benefit of the members, including forums and portals so you can have your say.

What Commitments Do You Have to Give?

There are only a few commitments you need to give to be a member of the NADC – and they are all very affordable ways of making an NADC member head and shoulders above non-members:

- **Commit to enhancing training qualifications within 3 months of joining**
- Commit to a whole year's membership and subscriptions
- Commit to our Standards
 - Be qualified for the work you do, be insured, be professional and fair, have a complaints procedure, be proud of the NADC

Why You Should Take Action Now & Join?

You can help us shape the future of the industry. We are stronger together as an association of like-minded businesspeople rather than individuals.

Annual membership 2021

1- 12 Vehicles costs just €400 (Just over €1 a day!) and it could just be the best investment you will make this year.

13 or more Vehicles costs €800. Monthly €67.

Supplier members membership €400.

I look forward to welcoming you to the NADC.

Best wishes

Peter Stacey
Chairman
